(Public Utility Holding Company *
Act of 1935) *
* * * * *

Pursuant to Rule 24 promulgated by the Securities and Exchange Commission (SEC) under the Public Utility Holding Company Act of 1935, as amended (Act), modified by the application(s) - declaration(s), as amended, in the above referenced files and the related orders dated July 25, 1991, December 14, 1992(2), December 28, 1992 and July 8, 1993, respectively, this is to certify that the following transactions were carried out during the three (3) months ended December 31, 1994 by Entergy Enterprises, Inc. (formerly Electec, Inc.) pursuant to the authorization of the SEC.

Programs Authorized

Pursuant to the Orders, Entergy Enterprises, Inc. (Enterprises) was authorized during the quarter ended December 31, 1994 to (a) conduct preliminary development activities with respect to various investment opportunities for the Entergy System, (b) market management, operating, technical, training and other expertise and intellectual properties developed by System companies to non-affiliates, (c) render various consulting services to certain affiliated companies in connection with investments in Argentina, (d) be responsible for marketing the expertise of Entergy Power, Inc. (EPI) gained through its bulk power business, (e) provide certain management and support services to associate companies excluding those which are affiliated retail electric companies, exempt wholesale generators, or foreign utility companies, and (f) develop and

field test a proposed telecommunications system for advanced energy management and other utility applications.

During the quarter, Enterprises participated in the following:

I. Preliminary Development Activities

Enterprises has been engaged in preliminary development activities relating to investigating sites, research, contract drafting and negotiations, acquiring options or rights, partnership selection and other activities necessary to identify and analyze investment opportunities for Entergy Corporation (Entergy). These development activities include domestic and international opportunities.

During the quarter, Enterprises expended \$3,321,901 for preliminary development activities associated with potential investments that would qualify as "exempt wholesale generators" under Section 32(a) of the Act. In addition, Enterprises expended \$1,032,208 for preliminary development activities associated with potential investments that would qualify as "foreign utility companies" under Section 33 of the Act. Enterprises also expended \$39,094 for preliminary development activities associated with potential investments that would qualify as "nonutility business." Finally, Enterprises expended \$1,520,775 and \$290,790 for preliminary development activities associated with retail service activities and non-exempt domestic wholesale generating and transmission facilities, respectively.

II. Management Services Provided to Associate Companies

Enterprises provided certain management and support services to its associate companies, EPI, Entergy S.A., Entergy Argentina S.A., Entergy Systems and Service, Inc. (Entergy SASI), Entergy Power Development Corporation (EPDC), Entergy Power Asia, Ltd. (EPAL), and Entergy Pakistan, Ltd. (EPL). In regard to EPI, these services included marketing of EPI capacity and energy to other utilities at wholesale, preparation of contracts and regulatory filings, oversight of plant operations and maintenance by plant operators, and procurement of transmission services. In regard to Entergy S.A., Entergy Argentina S.A., Entergy SASI, EPDC, EPAL, and EPL, these services were related to management

oversight.

III. Consulting Activities with Non-Associate Companies

Enterprises, under contract with Louisiana Hydroelectric Ltd. Partnership, continues to provide an array of technical services/support for a hydro electric transmission line project. Certain Entergy Services, Inc. personnel are providing the services.

IV. First Pacific Networks, Inc. Transactions

A. Description of Progress in Development and Testing of CCLM/AFS

During the fourth quarter of 1994, Enterprises and First Pacific Networks, Inc. (FPN) continued the development and modification of FPN's PX System in order to create a Customer Controlled Load Management/Automated Feedback System (CCLM/AFS) for advanced energy management and other utility applications. During this period, the testing of the system revealed a potential problem with the in-house communications protocol. A decision has been made to replace the existing proprietary in-home communications protocol with a more open system. This is requiring some hardware and software changeouts and/or upgrades to both the in-home network and the Intelligent Utility Units. All changeouts and upgrades should be completed during the first quarter of 1995. Further testing will continue after these changes are made.

B. Costs and Revenues Re: CCLM/AFS

Total costs incurred by Enterprises in connection with the development, field testing and marketing of CCLM/AFS during the three month period ending December 31, 1994 were \$1,356,732.

Total costs incurred by FPN and billed for 1993 and 1994 in connection with the development, field testing and marketing of CCLM/AFS were \$1,173,432. No billings have been received from FPN for product development since April 1993 and for field testing since July 1994.

Enterprises received \$350,000 from Sprint in connection with the CCLM/AFS product. In exchange for this fee, Sprint and Southern Company are allowed to obtain information from the field testing of the CCLM/AFS product.

V. Financing, Amortization and Financial Statements

During the three months ended December 31, 1994:

A. Enterprises incurred amortization expenses relating to the FPN license in the amount of \$156,517 and to the organization of Entergy SASI in the amount of \$6,307.

B. Enterprises' unaudited unconsolidated Balance Sheet and unconsolidated Income Statement for the twelve month period ended December 31, 1994 are included as Exhibit 1.

IN WITNESS WHEREOF, the undersigned companies have caused this certificate to be executed on this 13th day of February, 1995.
